- Teams assigned to work will NOT shoot for team score. Working teams receive a "shooting" bye for the current week. However, these shooters can still opt to bank a score on Thursday night.
- Teams failing to field 5 team members on their assigned work night will receive a 10 target penalty against their team score.

Team Scoring / Handicap System

Team Scoring System:

- The top 4 individual scores per team will count towards the overall team score.
- No blind scores for teams with less than 4 scores.

Divisions:

- Teams will be separated into divisions based on skill and league experience. The league committee will determine the divisions by week 2.

Handicap:

- An individual handicap system (similar to bowling) will be used.

Makeups

Important Rule: Those unable to attend the first week have until January 22nd to makeup their missed score. This is the **ONLY WEEK** makeup that will be allowed. After Week 1, no makeups will be allowed and shooters must adhere to the shoot-ahead and bank guidelines.

Shoot-Aheads and Bank Scores

Shoot-Ahead Definition:

A shooter that cannot attend on Thursday night may shoot the night before (Wednesday night).

A shoot-ahead on Wednesday will only count for the next night. If the shooter returns on Thursday, the Thursday night score is **disregarded and thrown out**. It is not scored or banked. However, a Wednesday shooter can shoot twice on a Wednesday night: once for a shoot ahead and to also bank a score for the future.

Shoot-Ahead Structure:

- * 16 and 20yd scores for a shoot-ahead must be shot on the same night.
- * No league discount for shoot-aheads; Shoot-aheads are charged at the standard JGC round fee (\$5 or a card per round).
- * You must notify the cashier before stepping on the line that you are shooting for a league shoot-ahead.

Bank Score Definition:

A shooter planning to miss a future week(s) of league may “deposit” up to 2 scores into an account. If a shooter is unable to attend a given week, a “banked score” will be automatically withdrawn from their account.

Bank Score Structure:

- * 16 and 20yd scores for a shoot-ahead must be shot on the same night.
- * A “bank score” is automatically withdrawn if the shooter does not record a score in the current week.
- * Bank scores are used (withdrawn from the bank) in the order they are shot.
- * A shooter may have a maximum of 2 bank scores at any given time.

Squad Information

Squadding:

- * Each league night, shooters will sign up on a squad on a first-come, first-serve basis.
- * Squads will shoot in the order a full squad is filled.
- * Team members may elect (and are strongly encouraged) to shoot together on a squad.

Squad Leaders:

- * Shooters in position #1 are deemed squad leaders. They are responsible for ensuring the squad and the puller/scorekeeper are ready before the start of the round.

Other Information

- Children are welcome in the clubhouse.
- Pets are not permitted on the trap fields or in the clubhouse on Wednesday and Thursday nights during the Winter League
- **NEW RULE:** Qualification for individual awards: Participants must shoot 10 out of 10 weeks and 8 of the weeks must be shot during Thursday night league.
- Issues arising not addressed in these guidelines will be decided by the league committee.
